PROFESSIONAL SUMMARY

Aspiring Java Developer and Software Engineer with a strong foundation in Core Java, object-oriented programming, data structures, and algorithms. Secured a 6-month Java Development Training & Internship at Vijesha IT Services LLP, Bengaluru, demonstrating industry-recognised Java proficiency. Skilled in frontend technologies including HTML, CSS, and JavaScript with hands-on project experience. Consistent competitive programmer with a 100-day CodeChef streak and 100+ LeetCode problems solved. CGPA: 8.8 — committed to delivering scalable, efficient software solutions in agile, collaborative environments.

TECHNICAL SKILLS

Programming Languages	Java, C
Web Technologies	HTML, CSS, JavaScript
Database	MySQL
Developer Tools	VS Code, Git, GitHub, Excel, PowerPoint
Soft Skills	Adaptability, Communication, Teamwork, Time Management

NOTABLE ACHIEVEMENTS

- Secured a 6-month Java Development Training & Internship at Vijesha IT Services LLP, Bengaluru — competitive industry program recognising strong Java and software development fundamentals.
- Achieved a 100-day coding streak on CodeChef, demonstrating consistent dedication and discipline in competitive programming.
- Solved 100+ problems on LeetCode, strengthening core skills in algorithms, data structures, and analytical thinking.
- Maintaining a CGPA of 8.8 in B.E. at Adhi College of Engineering and Technology (2023 – 2027).

PROJECTS

College Campus Chatbot | Developer | HTML, CSS, JavaScript

- Developed an AI-powered chatbot for student campus queries (schedules, faculty info, events), serving the entire student community.
- Optimised response logic and query handling, reducing average response time by 40% compared to manual information retrieval.
- Automated responses to 50+ common question types, improving campus communication efficiency across desktop and mobile devices.

Image Gallery & Slideshow Webpage | Developer | HTML, CSS, JavaScript

- Built a fully responsive image gallery and slideshow webpage to apply and consolidate frontend development skills in a real-world implementation.
- Implemented smooth slideshow transitions, thumbnail navigation, and keyboard controls using vanilla JavaScript for an interactive user experience.
- Designed a clean, mobile-first responsive layout using CSS Flexbox and Grid, ensuring seamless display across all screen sizes and devices.

INTERNSHIP & EXPERIENCE

Java Development Intern | Vijesha IT Services LLP — Bengaluru | Jul 2026 – Dec 2026 (6 Months)

- Selected for a competitive 6-month Java Development Training & Internship — covers OOP design patterns, backend development, and real-world project delivery.

Web Development Intern | Cognifyz Technologies — Remote | Mar 2026 – Apr 2026

- Developed web application features using HTML, CSS, and JavaScript; built responsive UI components and maintained codebase using Git.

EDUCATION

B.E. — Pursuing Adhi College of Engineering and Technology 2023 – 2027 **CGPA: 8.8**

Class XII (HSC) Govt. Hr. Sec. School 2022 – 2023

Class X (SSLC) Govt. High School 2020 – 2021

CERTIFICATIONS

- Java Programming — Core Java, OOP
- Frontend Development — HTML, CSS, JavaScript, and responsive web design
- GitHub — Version control, repository management, and collaborative workflows

CORE COMPETENCIES

Technical	Data Structures, Algorithms, OOP, Java Development, Web Development, MySQL
Workshops	IoT Workshop, Be 10x with AI, TCS Young Career Edge
Webinars	Full Stack Development Webinar
Platforms	CodeChef (100-day streak), LeetCode (100+ problems solved)

LANGUAGES

English — Professional Proficiency

Tamil — Native / Full Proficiency
